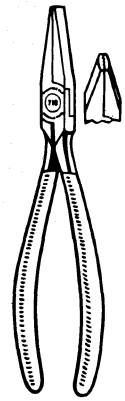
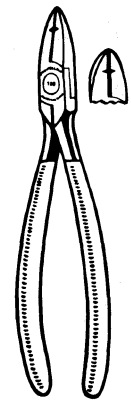
Pliers by CHANNELLOCK®

Specially Designed ELECTRONICS PLIERS

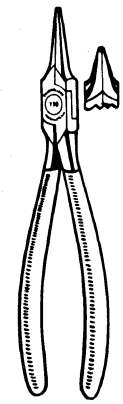
You'll do hundreds of jobs easier, faster with these Channellock Pliers because they are **specially designed** for all types of electronics work. You'll like the long reach . . . the precision-matched jaws . . . the hand-honed, specially hardened cutting edges . . . the easy-to-handle "feel" of the blue plastic grips. And you'll appreciate the top quality of Channellock Pliers . . . they're forged from high grade steel, properly heat treated. Best of all, because they are specially designed for fine electronics work, these four pliers will satisfy more than 90% of your Service and Repair needs. Ask your Electronics Equipment Supplier for Channellock Electronics Pliers . . . by name.



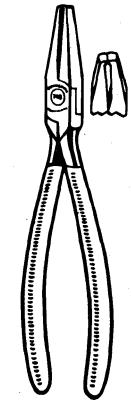
No. 718G FLAT-NOSE PLIER
Watchmaker's precision PLUS a bull-dog grip in hard-to-reach places.



No. 728G DIAGONAL CUTTER
A wire-stripping notch (Patent Pending) that **really works!**

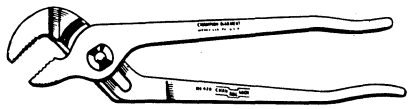


No. 738G ROUND-NOSE PLIER
You can **pick up a human hair** with these precision-machined points.



No. 748G END CUTTER
Fine enough to cut a human hair — sturdy enough to cut 12 gauge copper wire.

TONGUE AND GROOVE PLIERS



The **original** tongue and groove pliers. Patented, non-slip undercut channels. Patented reinforcing rib for extra strength Dipped plastic grips optional at slight extra cost.

No.	Size	Capacity	No.	Size	Capacity
420	9½″	1½″	430	10″	2″
